To: "PDC Support" <pdcc@pdcc.wa.gov>

Hello,

Can you please check your records and see if the attached additional L2 information was included in the calculated totals for 2016 for the lobbying firm, Carney Badley Spellman. Carney Badley Spellman had more clients than the total number allowed by the previous electronic filing system and so I was instructed to send in PDF attachments with each L2 filing, but I'm not seeing that the January 2016 attachment populated in the summary of retainers for the month of January 2016 that is viewable online. If you don't have record of this attachment, can you please supplement the L2 report for January 2016 with this additional page and adjust the totals?

Also, I see several issues with the April 2016 L2 filed with the PDC for Carney Badley Spellman:

1. If you compare the attached file stamped copy of the L2 as reported with the PDC for April through the previous electronic filing system to the populated totals in the following link, <https://accesshub.pdc.wa.gov/node/20281>, you'll see that there are several missing clients that were on the original report, but are not populating in the online report link.
2. I also see that there is a data entry error in column Employer #12, line 3. That should read 937.50, not 93750.
3. Finally, same issue as with January, see the attached additional L2 page sent via email since there were not enough available lines for reporting all of the client retainers/expenses.

Can you please make the necessary adjustments to April's L2 reporting, so the totals for 2016 for all clients' retainers and expenses will be accurate.

If you need any additional information from me or need me to handle these adjustments differently, please let me know and I will take care of that right away.

Thanks again,

Heather Clarke
