Subject: PDC registration as Lobbyist

Hi Lloyd,

Following up our phone conversation, please contact the PDC- Public Disclosure Commission (office of the Washington State) to change the classification of your services to Talgo from lobbying to consulting, since, as discussed, in fact you have been a consultant for Talgo. We have called the PDC, and the issue is that the system is showing you as a lobbyist for January 2018. That is the only month we need to reclassify to consulting services. I understand that tomorrow, Tuesday, you will meet the PDC personnel. Please let us know if you were able to change that and let us know any question that you may have.

Thank you for your support.

Filipe Pedrosa
Director of Finance
