Re: Gail Toraason McGaffick, Inc.  
November L2  
Client name change

DATE FILED PDC

Hello PDC,

On November 1, 2016 Yakima Valley Memorial Hospital's name was changed to Virginia Mason Memorial. The name change was made to reflect my client's relationship with Virginia Mason. In all other respects, it is the same client in terms of my work with Memorial.

I'm sending this letter at Jennifer Hansen's direction to explain the change in my client's name on my November L2. And then I forgot to include this letter with the L2. I apologize.

Please let me know if you have any questions.
